

There are many precious truths contained in the Word of God, but it is "present truth" that the flock needs now. I have seen the danger of the messengers running off from the important points of present truth, to dwell upon subjects that are not calculated to unite the flock and sanctify the soul.

Satan will here take every possible advantage to injure the cause.

But such subjects as the sanctuary, in connection with the 2300 days, the commandments of God and the faith of Jesus, are perfectly calculated to explain the past Advent movement and

**show what our present position
is, establish the faith of the
doubting, and give certainty to
the glorious future. These, I
have frequently seen, were the
principal subjects on which the
messengers should dwell.**

{EW 63}

The subject of the sanctuary and the investigative judgment should be clearly understood by the people of God. All need a knowledge for themselves of the position and work of their great High Priest.

**Otherwise it will be
impossible for them to
exercise the faith
which is essential at
this time or to occupy
the position which God
designs them to fill.**
