

Bountiful Blessings Farm

Current Varieties Used

Artichokes - Imperial Star
Asparagus - Jersey Knight
Bush Beans - Jade
Beets - Merlin, Touchstone Gold*, Chioggia, Red Ace*
Broccoli - (Belstar - spring), (Arcadia - fall)
Cabbage - Farao, Caraflex, Famosa
Chinese Cabbage - Bilko
Carrots - (Nelson & Ya-Ya - spring), (Napoli & Bolero* - fall)
Celery - Tango
Chard - Bright Lights
Collards - Champion
Corn - Luscious
Cucumbers - Socrates, Corinto
Eggplant - Hansel, Gretel, Fairy Tale
Fennel - Orion
Greens (Asian) - Dark Purple Mizuna, Tokyo Bekana, Yukina Savoy, Win-Win Choi
Greens (Specialty) - Arugula, Sorrel, (Purslane - summer), (Claytonia, Minutina, Vit Mache - winter)
Kale - Toscano, White Russian, Curly Roja, Ripbor
Kohlrabi - Kolibri*, (Kossak - winter)
Leeks - (King Richard - spring)
Lettuce - many good varieties. We recently “discovered” Summer Crisp lettuces and have been very impressed with Muir, Nevada, and Magenta. Try pelleted seeds for ease of sowing (for full-size heads). Salanova lettuces are used for “cut and come again” baby lettuce
Melons - Sarah’s Choice*
Okra - Clemson Spineless*, Burgundy
Onions (full size) - we have been challenged by onions. Intermediate types generally do best. We have had the best success with white ones (like Sierra Blanca and Mt. Whitney); (bunching) - Parade
Peas - this has also been a challenging one for us in our climate. We don’t do much with them. Sugar Snaps seem to be the most profitable option.
Peppers - We have had our best success with sweet specialty peppers like Carmen* and Oranos*. We always do a few hot peppers (Jalapenos, Cayennes, and Poblanos). We are trying greenhouse varieties of Bell peppers this year.
Potatoes - Yukon Gold*, Kennebecs, and Red Pontiac
Radishes - Pink Beauty, D’Avignon, (Red Meat, Shunkyo Semi-long, Nero Tondo - winter)
Spinach - Space, Corvair
Summer Squash - Zephyr*, Success, Dunja
Winter Squash - Butternut and Delicata*

Tomatoes - Cherokee Purple, Moskvich*, Cosmonaut Volkov*, Sun Gold*, Big Beef, Celebrity, Tomimaru Muchoo, Pink Beauty, (Bradley* - local favorite), Golden Sweet. We grow many other varieties, but these have done the best for us so far.
Turnips - Hakurei*, (Purple Top White Globe - winter)
Watermelons - Crimson Sweet*, Ali Baba, Orangeglo

* Varieties that have been true “standouts” from our experience

All varieties (except Bradley tomatoes) available from *Johnny's Selected Seeds* and/or *High Mowing Seeds*
